do you feel that you know less or more about

LATIN AMERICA?

A Letter from the Director General of the Pan American Union

Washington, D. C.

My dear Mr. Inman:

I have been reading with the deepest interest your admirable book on Latin America. Most of the volumes heretofore published have been of a descriptive character. We have been in need of a book dealing with the larger aspects of the continental situation, as well as with the psychology of the Latin American nations.

In successfully accomplishing this difficult task you have made a real contribution toward that closer understanding of the Latin American people so important to the development of a constructive Pan American policy.

I congratulate you on the service you have rendered.

L. S. ROWE.

Have the newspaper reports and the radio speeches cleared the whole matter up? Or are you more confused than ever? To get rid of that bewildered feeling, to see South America steadily and see it whole, read

SAMUEL GUY INMAN'S

great book—already a classic in its field.
